

My Family Worksheets

Hello little learners! Today we are going to learn about our wonderful families. A family is a group of people who love and care for each other.

What is a Family?

A family can be small or big. We live together in a house and help each other every day.

Small Family (Nuclear Family): Parents and their children.

Big and Joint Families

Some families are very big! In a joint family, grandparents, parents, uncles, aunts, and cousins all live together in one big happy home.

Big Family (Joint Family): Many family members living together.

Quick Question!

Do you live in a small family or a big family? _____

My Family Tree

A family tree shows how everyone in our family is connected. It's like a map of our family!

Activity: Fill the Tree

Try to name the people in your family tree above!

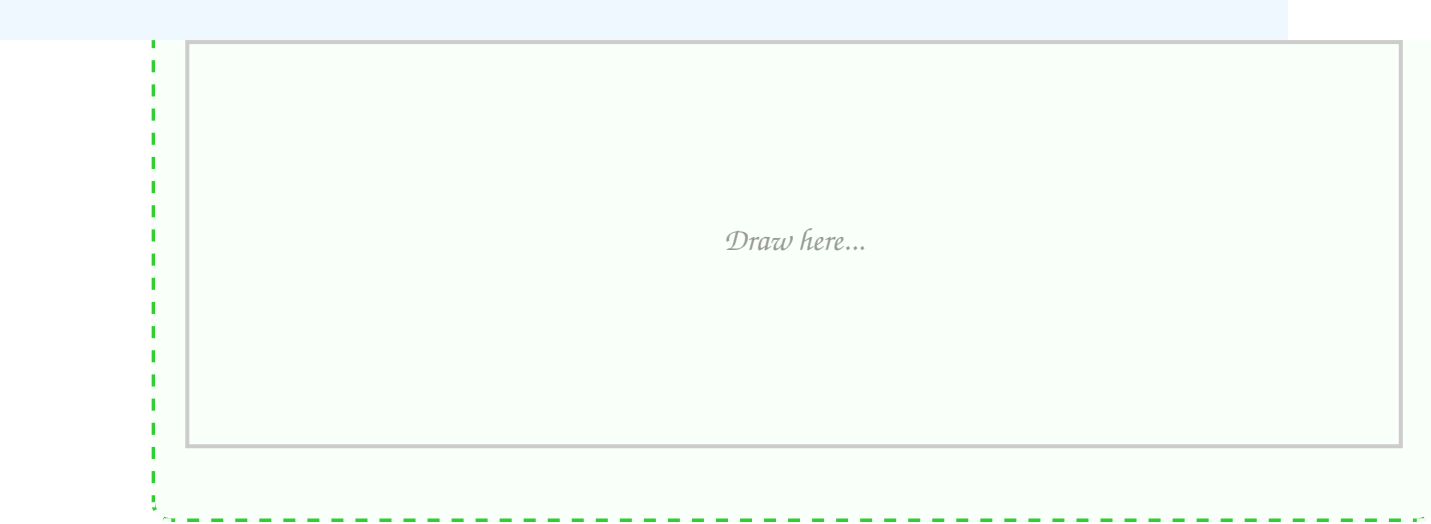

We Help Each Other

In a family, we all help with chores. Helping makes our home a happy place!
